Memorial Hermann 411: This Mother's Day, take time for yourself

Mothers often take on a heavy load, caring for spouses, children, and even elderly parents. This Mother's Day, take time for yourself by scheduling your annual well woman exam and mammogram.

"You should have a well woman exam annually starting around age 21. Your well woman exam includes cancer and health screenings," says Laura Jane Tharp, M.D., an OB-GYN affiliated with Memorial Hermann Memorial City Medical Center.

Regular mammograms are just as important and can be key to early detection of breast cancer. "The American College of Obstetrics and Gynecology recommends an annual mammogram for women starting at the age of 40," advises Dr. Tharp.

To find a Memorial Hermann-affiliated OB-GYN near you, go to memorialhermann.org/schedulenow, or to schedule a mammogram at the Bobetta Lindig Breast Care Center, call 877-40-MAMMO.
