TRAVELING TO FUN AND EXCITING DESTINATIONS FOR SPRING BREAK JUST GOT A LITTLE EASIER. STOP BY THE SQUARE AT MEMORIAL CITY ALL WEEK LONG FOR OUR SPRING BREAK ESCAPE EVENT SERIES, FEATURING A FULL LINE-UP OF FAMILY-FRIENDLY EVENTS!

IT'S AL FRESCO DINING SEASON IN MEMORIAL CITY

Springtime reminds us why we live in Houston: beautiful patio weather that's perfect for outdoor dining. And the restaurant options are plentiful at Memorial City. Over at **Gateway Memorial City**, take advantage of the outdoor seating at **KUU Restaurant** or **State Fare**. The recently rebuilt **Ciro's** also offers patio dining, right on the new **Lawn at Memorial City**, which also borders the new **Hotel ZaZa Memorial City** (with its own **Tipping Point restaurant** with poolside seating). The Square at Memorial City, on the west side of the mall, is next to the outdoor patios of both **The Cheesecake Factory** and **Maggiano's Little Italy**, so you can both dine and take in a movie or performance at The Square. Finally, dine in the sun or under the stars at **Liberty Kitchen** at **The Treehouse** or **Guadalajara Hacienda** (also perfect for a margarita-filled happy hour).

Easy Ways to Go Green

Small actions can create big change — especially when it comes to the environment:

- 1. Change a light bulb:** Installing a compact fluorescent bulb (CFL) is the quickest, easiest way to save energy – and money.
- 2. Unplug things that glow:** Anything that has an LED even after you turn it off continues to draw power (that you pay for).
- 3. Recycle your electronics:** Last year, Americans tossed out a whopping 5.5 billion pounds of electronics.
- 4. Audit your energy:** It's easier to save energy when you know exactly how much and where you're using it.
- 5. Support local farmers:** Typical grocery store produce travels nearly 1,500 miles before it ends up on your plate.
- 6. Fix that drip:** We each use about 100 gallons of water a day, enough to fill 1,600 glasses.
- 7. Let your grass grow:** Spending less time tending to your lawn actually makes it greener — in every sense of the word.
- 8. Look for the label:** When it's time to replace a household appliance, choose a product with an Energy Star label.
- 9. Do full loads:** Whenever you wash just a few clothes or dishes at a time rather than waiting for a full load to accumulate, you're wasting water, power, and money.
- 10. Work the critters:** Your backyard ecosystem is as intricate as any wild patch of land, and it pays in many ways to enlist its creatures on your side.

It's Easy Being Green on Earth Day

SUNDAY, APRIL 22

Memorial City is committed to improving the environment by implementing recycling programs and developing environmentally-friendly new buildings, like The Treehouse Memorial City, the U.S. Green Building Council's highest-rated LEED building in Texas.

LET'S MAKE A DEAL
