**AS SUMMER ENDS AND THE SCHOOL YEAR BEGINS, IT'S IMPORTANT THAT YOUR CHILDREN START HEALTHY HABITS TODAY.**

**+ Make sleep a priority**

Establish a sleep ritual. Put away electronic devices at least one hour before bedtime. Children need 8-10 hours of sleep each night.

**+ Teach good hygiene habits**

The most effective way to avoid spreading germs is proper handwashing. Hand sanitizer is a good alternative when soap and water aren't available.

**+ Visit the doctor's office**

An annual check-up will ensure your kids are healthy before heading back to school. Make sure their immunizations are up-to-date.

**+ Provide healthy meals**

Don't skip out on breakfast. Students who eat breakfast are more alert during the day. If you can, make sure to pack a healthy lunch including proteins, fruits, veggies, and tasty treats (but not too many!)

**+ Stay active**

Kids typically sit during most of the school day so it's important to find ways to keep them active when they come home either by enrolling them in an after-school activity or going for a walk or bike ride in the afternoon.
